Building connections with nature...

Montague Park Kiosk Complete!

At long last we have completed the signage for the kiosk at the picnic area in Montague Harbour Provincial Park. Please have a look next time you're there for a walk or hang out. The signage shares traditional knowledge about the history and ecology of Sum-nuw (Montague Harbour) in 6 different languages. Thanks to elders Florence James and Arvid Charlie for sharing their knowledge and to Levi Wilson for building the structure.

Happy New Year!

If you're reading this before 11am January 1st, you still have time to come and join us for our annual New Year's Day walk. We'll be checking out some of the lesser known areas of the Learning Centre, then enjoying a potluck lunch at the new classroom building.
