

Conservancy Catch-up

Building connections with nature...

Get Outside!

It's time to get outside and enjoy nature's new offerings. Join an experienced naturalist for:

Nature Buddies Preschool Program

Tuesdays starting Mar. 17 from 10am - 11am

Outdoor Ninja Games - Activity Centre youth drop-in program on Mar. 25 (ages 5 - 12)

Rockets - Activity Centre youth drop-in program on April 1 (ages 5 - 12)

Hiking and Hotdogs - an outing for families at the Learning Centre on Mar. 21 from 11am - 1pm

Food Forest

We are in the infant stages of designing and creating a community food forest at the Learning Centre. The forest will include a mix of cultivated and native trees, shrubs, herbs and mushrooms that provide foods and medicines for our community and habitat for our wildlife and insect populations. We hope many of you will be interested in participating in this project - please get in touch or stay tuned for dates and events this spring, summer and fall.

Rockfish Conservation Efforts

We'll be adding signage, dispersing outreach materials, conducting dive surveys and hosting public talks and workshops. Are you passionate about marine conservation and these incredible creatures?
