We are applying to rezone the Galiano Learning Centre property. Our current 'Temporary Use Permit' allows us to run our environmental education programs there, and we are hoping to make this a permanent use on the land. Please drop by one of our community open houses or join us at our AGM to find out more information and to give us your feedback about the Galiano Learning Centre rezoning. We would like to hear from as many of you as possible before submitting our application.
