

# Conservancy Catch-up

***Building connections with nature...***

## **The GCA welcomes Reed Osler as a new Education Coordinator!**

Reed is very experienced with 15 years as an environmental educator and trained naturalist.

## **Outdoor Education Workshop**

A great opportunity to learn outdoor education techniques and styles for all ages.

**Tuesday, May 2. RSVP mandatory.**

Eric: [education@galianoconservancy.ca](mailto:education@galianoconservancy.ca)

## **Galiano Kids Campout! August 3 - 5**

Making summer plans? Include this FUN filled overnight camping trip. Ages 9 - 12 only.

Patti: [communityedu@galianoconservancy.ca](mailto:communityedu@galianoconservancy.ca)

## **Chrystal Cove Restoration**

This winter and spring, we helped to restore the Learning Centre's historically disturbed cove area. The work enhances the health and resilience of the 2km shoreline bluff and forest ecosystem. We would like to thank the many community members who volunteered to remove invasive vegetation, plant native species and construct bat and bird boxes. Thanks also to Environment Canada's EcoAction Community Funding Program who made this project possible.

## **Volunteers Wanted!**

Help out with our **growing operations** and our outdoor **education programs**.

## **Get Involved!**
