

### THE GALIANO CONSERVANCY ASSOCIATION

## ANNUAL REPORT 2020

This year has been an unprecedented challenge for all of us as individuals and as a community, and the same is true of our organizations. The global pandemic tested the Conservancy's ability to adapt and thrive in a novel situation, and it responded admirably. Hats off to the staff who took in stride restrictions on the use of the office, new safety protocols, working from home, and above all the constant uncertainty about what the next month might bring. It's an old lesson that it's the diverse ecosystems that survive abrupt changes, and the GCA benefited greatly from its diversity of

programming this year. Thanks in particular to the Education staff who found themselves without any school groups, but were instead able to refocus their energy and talent on refining programs, improving digital outreach, and assisting with trail building and other outdoor infrastructure projects at the MLC. (If nothing else, this pandemic has reaffirmed the benefits of spending time outside, in the fresh air - a phrase which has renewed poignancy).

Thanks also to all of the volunteers, donors, members, and my fellow board members, who work so hard to keep the Conservancy's ecosystem vital. It seems almost miraculous that we have come out of this year on such a sound financial and organizational footing, but somehow, with your help, our staff were able to pull it off. We are well positioned for the future, and with your continued support, I look forward to seeing what we can accomplish together.

Here's to fresh air and a fresh year.

Avi Bryant

### GALIANO CONSERVANCY ASSOCIATION BOARD OF DIRECTORS 2020-2021

**Avi Bryant** 

Chair

**Stephanie Cairns** 

Vice Chair

**Risa Smith** 

Treasurer

Julie Gardner

Secretary

**Neil Friedenberg** 

Director

**Suzanne Fournier** 

Director

**Pearl Roberts** 

Director

Laurene Stefanyk

Director (appointed in September)

Colin Grier

Director (stepped down in September)

We acknowledge that we live and work within the asserted, unceded, and traditional territories of the Penelakut, Hwlitsum, Lelum Sar Augh Ta Naogh and other Hul'qumi'num-speaking peoples as well as others who hold traditional rights and responsibilities in and around what is now known as Galiano Island. The Galiano Conservancy is grateful to, and has much to learn from, these original and current knowledge keepers of the lands and waters we are working to protect and restore.

### THANK YOU TO OUR SUPPORTERS, FUNDERS AND VOLUNTEERS

#### **WALKALONG 2020**

Our heartfelt appreciation to the generous supporters of our 8th Annual Walkalong for Learning, including 14 musicians, 2 painters, 20 volunteers, 184 walkers, 9 fundraisers and 161 donors! Thank you, together we raised over \$19,000 for environmental education. A special thank you to the Zita And Mark Bernstein Family Foundation for helping us surpass our fundraising goal!

\*A note to our supporters: We appreciate your generous donations to the Galiano Conservancy Association, and want to ensure we recognize everyone with 100% accuracy. If we have inadvertently made an error or an omission, please contact us with concerns or corrections.

## FINANCIAL LANDSCAPE FOR 2020

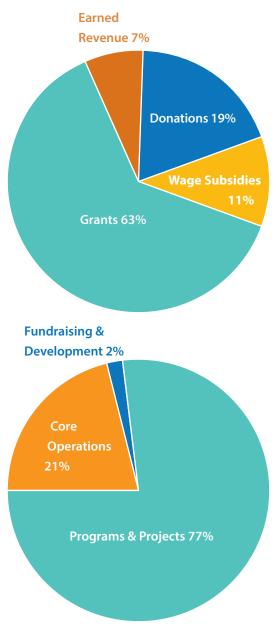

In 2020, we experienced a 65% decline in earned revenues, including a 76% decline in revenue from Education Programs. Donations also declined by more than 20% compared to 2019. Yet, thanks to the diversity of our conservation initiatives and continued success supporting projects and programs through grants, much of our work proceeded as planned, despite the impacts of the COVID-19 pandemic. Administration and fundraising expenses declined in 2020, due to both staffing changes and decreased overhead, together accounting for less than one quarter of total expenses for the first time since 2014. Negative net revenue reflects an increase in amortization expenses, which almost doubled in 2020 due to the addition of the MLC program centre (office building); 2020 cashflow was marginally net positive.

#### **Revenue Sources**

Total Revenue	\$ 549,692
Earned Revenues	\$ 35,796
Donations	\$ 104,916
Wage Subsidies	\$ 60,678
Grants	\$ 348,302

#### **Organizational Expenses**

NET REVENUE	\$ -26,960	
Total Expenses	\$	576,651
Core Operations	\$	121,337
Fundraising & Development	\$	13,080
Programs & Projects	\$	442,234

**PROGRAM HIGHLIGHTS** 

## **Learning & Outreach**

- 32 hands-on programs delivered to 608 participants (39% regional and 61% Galiano community)
- 3 Nature Camp Programs delivered in collaboration with Parent Support Services Society of BC
- Reached 5254 people on GCA Facebook account & website with new Digital Environmental Education Programs
- Reached 1000+ online viewers with naturefocused "Holiday Special" videos -- played hundreds of times on GCA YouTube account
- Delivered TETÁĆES Climate Action Project Course
  #2 in collaboration with the Southern Gulf Islands
  Community Resource Centre and members from the
  Penelakut and WSÁNEĆ nations
- 2 popular 'Feed the People' Deer Processing workshops organized, 2nd cancelled last-minute in response to newly instated COVID-19 restrictions
- 200 people safely hosted mid-pandemic for 8th annual Musical Walkalong For Learning event, over
  \$19,000 raised for bursary fund

### **New Education Programs & Workshops:**

- Renewable Energy in Action Grade 9-12
- Native Plant Inspirations Grade 9-12
- DEEP (Digital Environmental Education Programs)
- Zoom Nature Camp
- Galiano School Nature Classroom Programming
- Herbal Harvest Herbal Remedies for the Times

## Post-secondary Engagement

- 6 university research projects hosted at the MLC
- 11 seasonal positions created to employ youth
- 2 UVIC Coop Students mentored
- 1 volunteer intern hosted; 5 international volunteer internships cancelled due to COVID-19

# **MLC Infrastructure & Climate Action**

- Rebuilt MLC sign destroyed in car accident
- Installed **3** composting toilets at MLC
- Converted old shower building into the "Generation Station" where youth can learn about renewable energy and energy efficiency
- Installed 18 solar panels on GCA office roof
- Net electricity produced at MLC in 2020: 12,000 kWh
- Initiated the One Island, One Earth project to calculate an Ecological Footprint for Galiano Island

**PROGRAM HIGHLIGHTS** 

# **Ecological Restoration**

- Added 4 permanent deerbrowse monitoring plots to the eight established in 2019
- Controlled invasive species in 26.5 ha of sensitive habitat
- 195 volunteers participated in restoration projects that established 1100 native plants of 90 different species across 2.5 ha
- Converted gravel turnaround at classroom into educational liner wetland with aid of

- Monitored 10 conservation covenants totaling 217 hectares of protected land
- Managed 7 protected areas totalling 192 ha
- Maintained 12 km of public trails

# Nursery & Forest Gardens

- 90 different native plant species propagated
- Provided over 1900 native or edible plants to community members or restoration projects
- Over 313 volunteer hours in the Community Food Forest and Nuts'a'maat Forage Forest
- Over 336 participants in tours, programs and workshops
- 200+ bags of Forest Garden Tea sold

# Wildlife Conservation

- 8 cameras monitored fishing pressure in Rockfish Conservation Areas bordering Galiano over 15 weeks. 27.2% of days had fishing incidences, a large increase from 2.8% in 2019.
- In partnership with 4 other conservancies, 40 ha of bull kelp beds and 30 ha of eelgrass meadows were mapped here in the Southern Gulf Islands
- 192 people informed about rockfish and cetacean conservation through 16 public events; online outreach included 173 social media posts viewed cumulatively by 29,917 people
- Began multi-year project monitoring red-legged frog populations in 2 wetlands at the Millard Learning Centre
